

With Gratitude

Our sincerest thanks to those listed for making gifts through the St. Louis Office of Mission Advancement in fiscal year July 1, 2008 through June 30, 2009.

To our generous benefactors who have chosen to remain anonymous: Your names do not appear on these pages; but they are forever recorded in our hearts and spoken in our prayers. ☀

“This is the duty of our generation as we enter the twenty-first century—solidarity with the weak, the persecuted, the lonely, the sick, and those in despair. It is expressed by the desire to give a noble and humanizing meaning to a community in which all members will define themselves not by their own identity but by that of others.”

—Elie Wiesel

For ways to make a positive difference through the Sisters of Divine Providence Marie de la Roche Province, please call the Office of Mission Advancement at 314-209-9181. To make a gift online, go to www.divineprovidenceweb.org.

Dear friends of the Sisters of Divine Providence:

Last year was quite a year! The U. S. economic storm spared no one: individuals, families, schools, businesses, and charitable organizations - all have been affected in some way. But, as we take stock of the past year in terms of advancing the Mission, it is clear that the Sisters of Divine Providence and their ministries weathered the economic storm relatively well. How did that happen? The answer lies within the pages of this report - you, our partner in Mission, made the difference!

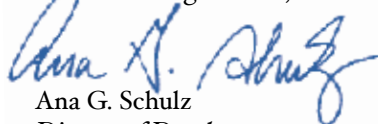

This report covers the fiscal year July 1, 2008 through June 30, 2009. Our results show an overall decline of 5 percent from the previous year. By comparison, the nation's larger charitable organizations are forecasting declines by a median of 9 percent. The *New York Times*, this summer, reported that charitable giving declined in 2008 by the largest percentage in 50 years!

Our report shows that gifts to the Sisters' sponsored ministries La Posada Providencia and Room at the Inn actually increased, but unrestricted gifts and gifts to the Sisters' retirement fund declined from the previous year. The economic downturn did indeed have its effect.

What these results also indicate is that the overwhelming majority of our friends continued to provide support. Furthermore, these results indicate that we made it through these hard times with God's Providence and the strength of your commitment to the mission of Divine Providence. Some of our friends wrote us in distress over the need to make smaller donations—experiencing the same financial uncertainties as we were. We marvel at this commitment and generosity. We marvel and give thanks to you!

Certainly the year 2010 comes with no less uncertainty than the year before; however, we are bolstered by the support you have given us and the gifts that continue to come. We are ready to embark on the new challenges that lie ahead, and we can say with confidence that together we have the power to continue to make God's Providence more visible in the world.

With sincere gratitude,

Ana G. Schulz
